## TEL Vulcan 200 Grease

MULTI-PURPOSE EXTREME PRESSURE GREASE

### Product Description

TEL Vulcan 200 Grease is multi-purpose buttery textured, amber colored grease, with effective oxidation stability to insure long service life. Selective additives give protection against normal corrosive and mechanical wear. Product has excellent resistance against water and has good pumpability characteristics.

### Advantages & Uses

- Recommended for lubrication of plain and anti-friction bearings, gears, and grease lubricated couplings in all types of industrial plants operating under moderate load conditions.
- Recommended for lubrication of all types of automotive equipment, trucks, tractors and contractor equipment.

### Features

- Multi-purpose grease: one grease for numerous applications.
- Good pumpability at low temperatures.
- Excellent water resistance.
- Wide temperature operating range.
- NLGI Certified LB in chassis applications.

Test, Grade NLGI	1	2	3
Penetration @ 77° F. (ASTM Worked)	315-335	270-290	225-245
